*NCEast's Project Charge*

Northampton County's

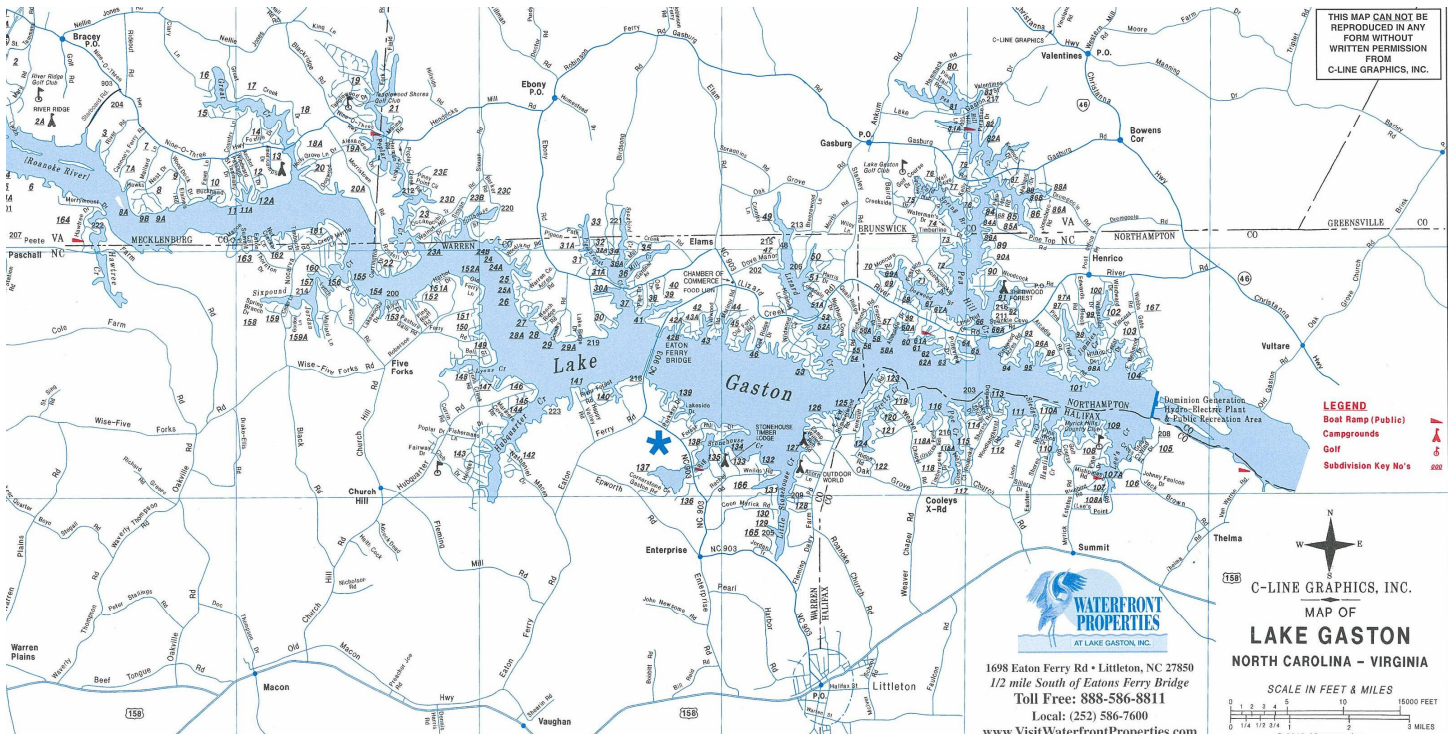

# Lake Gaston Community

***We want to create you a "Green Headquarters"  
on the Lake!***

*We can put together land in the Lake Gaston community which could include a mixed use campus accommodating your headquarters, commercial, & residential development interests. Your build to suit headquarters will be less than 30 minutes from Interstate 95 and the NCCAR automotive testing facility ([www.nccar.us](http://www.nccar.us)).*

Beautiful Lake Gaston is located on the Virginia/North Carolina border between Interstates 85 and 95. Lake Gaston's 20,300 surface acres of water and 350+ miles of shoreline encompass portions of Halifax, Northampton and Warren Counties in North Carolina and Brunswick and Mecklenburg Counties in Virginia.

Good restaurants, shopping, and cultural activities can be enjoyed year round in the cities and towns around the area.

And of course Lake Gaston Real Estate is a great investment; whether you are looking to retire, looking for vacation rental property, or just want to live on Lake Gaston, you can't go wrong.

Quadrants on the Lake

***Northampton County still beckons to those in search of nature's bounty, to those seeking new opportunities in commerce, and to those searching for the peace of rural America.***

Companies locating in Northampton County can leverage the maximum incentives available from the State of North Carolina. Likewise, although a rural county, Northampton has a reputation for being able to bring complex projects to success, on budget and with minimal, if any surprises.
